RYAN J AUKERMAN (NAME), being first duly sworn, deposes and says:

1. That he is the VICE PRESIDENT/REGIONAL MANAGER (TITLE)

of GRIFFITH COMPANY (NAME OF PARTNERSHIP, CORPORATION, OR SOLE PROPRIETORSHIP)

hereinafter called "Contractor," who has submitted to the City of Torrance a proposal for the Construction of 190th Street Rehabilitation, B2014-20;

2. That said proposal is genuine; that the same is not sham; that all statement of facts therein are true;

3. That such proposal was not made in the interest or behalf of any person, partnership, company, association, organization or corporation not named or disclosed;

4. That the Contractor did not, directly or indirectly, induce, solicit or agree with anyone else to submit a false or sham bid, to refrain from bidding, or to withdraw the bid, to raise or fix the bid price of the Contractor or anyone else, or to raise or fix any overhead, profit or cost element of the Contractor's price or the price of anyone else; and did not attempt to induce action prejudicial to the interest of the City of Torrance, or of any other bidder, or anyone else interested in the proposed contract;

5. That the Contractor has not in any manner sought by collusion to secure for itself an advantage over any other bidder or to induce action prejudicial to the interests of the City of Torrance, or of any other bidder or of anyone else interested in the proposed contract;

6. That the Contractor has not accepted any bid from any subcontractor or materialman through any bid depository, the bylaws, rules or regulations of which prohibit or prevent the Contractor from considering any bid from any subcontractor or materialman, which is not processed through said bid depository, or which prevent any subcontractor or materialman from bidding to any contractor who does not use the facilities of or accept bids from or through such bid depository;

CONTRACTOR'S AFFIDAVIT
(CONTINUED)

B2014-20

7. That the Contractor did not, directly or indirectly, submit the Contractor's bid price or any breakdown thereof, or the contents thereof, or divulge information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, or to any individual or group of Individuals, except to the City of Torrance, or to any person or persons who have a partnership or other financial interest with said Contractor in its business.

EQUAL EMPLOYMENT OPPORTUNITY
AND
AFFIRMATIVE ACTION
UNDER EXECUTIVE ORDER 11246

Effective January 10, 1964, Griffith Company developed an affirmative action plan for equal employment opportunity.

On April 11, 1978, this plan was revised and amplified.

In January, 1985, this plan was updated to meet the additional requirement of the Century Freeway (I-105).

In March, 1987, this plan was revised and amplified.

The February 7, 1992 revision was a restatement of said program, including additional requirements of the Century Freeway.

In January, 2005, this plan was updated with the current EEO Officer information.

In January 2008, this plan was updated with the current President information.

In January 2011, this plan was updated with the current President and CEO information.

Statement of policy In order to provide equal employment opportunities to all qualified persons without regard to race, color, religion, sex, national origin, or disability, this company agrees to do the following: (1) recruit, hire, train, and promote persons in all job titles, without regard to race, color, religion, sex, national origin, or disability, (2) base decisions on employment so as to further the principle of equal employment opportunity, (3) ensure that promotion decisions are in accord with principles of equal employment opportunity by imposing only valid requirements for promotional opportunities, (4) ensure that all personnel actions, including but not limited to compensation, benefits, transfers, lay-offs, return from layoffs, company sponsored training, education, tuition assistance, social and recreational programs, will be administered without regard to race, color, religion, sex, national origin, or disability.

Responsibility for the Program Thomas L. Foss, President and CEO, will personally oversee the program and will appoint Gordon M. Csutak as the Equal Employment Opportunity Officer (hereinafter referred to as the EEO Officer) to carry out the program. The EEO Officer is hereby given full authority to carry out the program and is given the responsibility and authority to:

1. Develop policy statements and internal and external communication procedures.

2. Assist line management in collecting and analyzing employment data, identifying problem areas, setting goals and timetables and developing programs to achieve goals. Such programs shall include specific remedies to eliminate any discriminatory practices

discovered in the employment system.

3. Design, implement and monitor internal audit and reporting systems to measure program effectiveness and to determine where progress has been made and where further action is needed and, if necessary, to assure that such action is taken.

4. Report, at least quarterly, to Thomas L. Foss on the progress of each unit in relation to company goals.

5. Serve as liaison between the company, government regulatory agencies, minority and female's organizations and other community groups.

6. Assure that current legal information affecting affirmative action is disseminated to responsible officials.

Dissemination of policy

1. Internal Dissemination of Policy In order to disseminate the EEO Policy to all members of the company staff who are authorized to hire, supervise, promote and discharge employees, or who recommend such action, the company will take the following steps:

(a) Include the policy in the company's policy manual;

(b) Publicize the policy in company newspapers, magazines, annual reports, and other available media devices;

(c) Conduct special meetings with executive, management, and supervisory personnel to explain the intent of the policy and individual responsibility for effective implementation, making clear the chief executive officer's attitude with respect to affirmative action obligations;

(d) Schedule special meetings with all other employees to discuss policy and explain individual employee responsibilities;

(e) Discuss the policy thoroughly in both employee orientation and management training programs;

(f) Meet with union officials as appropriate to inform them of the policy, and to request their cooperation;

(g) Include non-discrimination clauses in any union agreements, and review all contractual provisions to ensure they are non-discriminatory;

(h) Publish articles in company publications covering EEO programs, progress reports, promotions, etc., for minority and female employees;

(i) Post policy on the company bulletin boards;

(j) Ensure that employees featured in product or consumer advertising, employee handbooks or similar publications include both minority and non-minority males and females;

(k) Inform employees of the existence of the company's affirmative action policy and enable employees to avail themselves of its benefits;

(l) Maintain a working environment free of harassment, intimidation, and coercion at all sites and in all facilities at which Griffith Company employees are assigned to work. Griffith Company shall specifically ensure that all foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Griffith Company's obligation to maintain such a working environment, with specific attention to minorities or females working at such sites or in such facilities.

2. External Dissemination of Policy In order to make the company's Equal Employment Opportunity Policy known to all employees, prospective employees, and potential sources of employees, such as schools, employment agencies, labor unions, and college placement offices, the company will take the following action:

(a) Inform all recruitment sources verbally and in writing of the company policy, stipulating that these sources actively recruit and refer minorities and females for all positions listed;

(b) Incorporate the equal opportunity clause in all purchase orders, leases, and contracts covered by Executive Order 11246, as amended, and its implementing regulations;

(c) Notify minority and female organizations, community agencies, community leaders, secondary schools, and colleges of the company policy, preferably in writing;

(d) Inform prospective employees of the existence of the company's affirmative action policy and enable such prospective employees to avail themselves of its benefits;

(e) Ensure that employees pictured in consumer or help wanted advertising include both minority and non-minority males and females;

(f) Send written notification of the company policies to all subcontractors, vendors, and suppliers with requests for appropriate action on their part.

Sexual Harassment - Definition and Policy

It is the policy of Griffith Company to maintain a work place free of sexual harassment, intimidation and coercion. All allegations of sexual harassment will be fully reviewed. Disciplinary action will be taken against any employee found to have sexually harassed another employee. Sexual harassment is defined as, but not limited to:

> Any repeated or unwarranted verbal, visual or physical sexual action, sexually explicit derogatory statement or remark of a sexual nature made by someone in the work place which can be reasonably determined by the recipient and the person(s) reviewing the complaint to be offensive or objectionable or which may cause the recipient or anyone in the immediate area discomfort or humiliation.

The company will investigate all complaints of alleged sexual harassment in connection with its obligations under its contracts, will attempt to resolve such complaints, and will take appropriate corrective action. If the investigation indicates that the sexual harassment may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the company will inform the complainant of its finding and of all avenues of appeal within thirty (30) days of receiving the complaint.

To minimize the occurrence of sexual harassment in the work place, and to ensure that all employees understand that such actions will not be tolerated, managers and supervisors shall distribute the policy to every employee and periodically reinforce the importance of compliance.

Utilization of Minorities and Females The company will make a good faith effort to meet the designated goals set for the by the Office of Federal Contract Compliance Programs for utilizing minorities and females in the various crafts on all construction jobs during the time this contractor has a federally-assisted or direct federal construction contract.

Recruitment

1. When advertising for employees, the company will include in all advertisements for employees the notation: "An Equal Opportunity Employer". The company will insert advertisements in newspapers or other publications having a large circulation among minority and female groups in the area from which the company's workforce would normally be derived.

2. The company will conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, state employment agencies, schools, colleges and minority group organizations. To meet these requirements, the company will, through the EEO Officer, identify sources of potential minority and female group employees and establish procedures whereby applicants may be referred to the company for employment consideration.

3. The company will encourage its present employees to refer minority and female group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees.

Personnel Actions Wages, working conditions, and employee benefits shall be established and administered, and personnel action of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, leave of absence, and termination, will be taken without regard to race, color, religion, sex, national origin or disability. The following procedures will be followed:

1. Periodic inspections of project sites will be conducted to ensure that working conditions and employee facilities do not allow discriminatory treatment of project site personnel.

2. The spread of wages paid within each classification will be periodically evaluated to determine any evidence of discriminatory wage practices.

3. The company will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the company will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

4. The company will investigate all complaints of alleged discrimination in connection with its obligations under its contracts, will attempt to resolve such complaints, and will take appropriate corrective action. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the company will inform the complainant of its finding and of all avenues of appeal within thirty (30) days of receiving the complaint.

Training and Promotion

1. The company will assist in locating, qualifying and increasing the skills of minority and female employees and applicants for employment.

2. Consistent with its requirements and as permissible under Federal and State regulations, the company will make full use of training programs, such as pre-apprenticeship, apprenticeship, or on-the-job training programs, for the geographical area of contract performance.

3. To the extent possible, the company will advise employees and applicants for employment of available training programs and entrance requirements for such programs.

4. The company will periodically review the training and promoting potential of

minority and female employees and will encourage eligible employees to apply for such training and promotion.

Unions The company will use its best efforts to obtain the cooperation of any unions with which it has collective bargaining relationships to increase minority and female opportunities within the unions, and to effect referrals of minority and female employees by such unions.

1. The company will cooperate with unions, as appropriate, to develop joint training programs aimed at qualifying more minority and female employees for membership in the unions and increasing the skills of minority and female employees so that they may have the opportunity to qualify for higher paying employment.

2. The company will encourage the incorporation of an equal employment opportunity clause into any union agreements stating that such unions will be bound contractually to refer applicants without regard to race, color, religion, sex, national origin, or disability.

3. In the event a union is unable to refer minority and female applicants as requested by the company within the time limit set forth in a union agreement, the company will, through its own recruitment procedures, fill the employment vacancies without regard to race, color, religion, sex, national origin, or disability, making every effort to obtain qualified female employees.

4. The company will provide immediate written notification to the Director when a union with which it has a collective bargaining agreement fails to refer a minority or female, or when the company has other information that the union referral process is impeding its efforts to meet its obligations.

Subcontracting

1. When required by federal contract the company will use its best effort to utilize minority group subcontractors, suppliers and vendors. The company, however, reserves the right to determine if the firm is a bona fide Minority Business Enterprise.

2. The company will use its best effort to assure subcontractor compliance with equal employment opportunity obligations through monitoring and enforcement of "Section 21

-Recourse by Contractor" and "Section 22 - Indemnity Clause for Equal Employment Opportunity Violations" contained in Griffith Company's construction subcontract.

Records and Reports

1. The company will keep such records as are necessary to determine compliance with its equal employment opportunity obligations. The records kept by the company will be designed to indicate:

(a) The number of minority, non-minority and female group member employees in each work classification.

(b) The progress and efforts being made (in cooperation with unions, if appropriate) to increase protected group employment opportunities.

(c) The progress and efforts being made in locating, hiring, training, qualifying and upgrading protected group employees.

(d) The progress and efforts being made in securing the services of minority group subcontractors.

2. All such records will be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of the State and Federal governments. The company reserves the right to require these representatives to show proper credentials.

3. The company will submit all reports required by Executive Order 11246 and appropriate state and federal agencies, and will permit access to its books, records, and accounts by the appropriate governmental agencies and the Secretary of Labor for purposes of investigation to ascertain compliance with the rules, regulations and orders of the Secretary of Labor promulgated pursuant to Executive Order 11246.

Other Work The company agrees that it will be bound by the Equal Opportunity Clause required by Executive Order 11246 with respect to its own employment practices when it participates in nonfederal construction work during which time it also has a federally-assisted or direct federal contract.

Assistance in Compliance The company agrees it will assist and cooperate actively with the appropriate governmental agencies and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the Equal Opportunity Clause and the rules, regulations, and relevant orders of the Secretary of Labor. The company will furnish such information as may be required for the supervision of such compliance.

Non-Segregated Facilities All employee facilities provided by the company shall be non-segregated. These include, but are not limited to, rest areas, parking lots, drinking fountains, and all other such common facilities. Toilets and necessary changing facilities will offer privacy to both males and females.

Post-Award Compliance It is understood that the OFCCP may review the company's employment practices as well as those of any subcontractors the company has employed during the performance of a federally-assisted or direct federal contract. If the goals for the employment of minorities and females set by the OFCCP are not being met, the company shall still be given an opportunity to demonstrate that it has made every good faith effort to meet its commitment.

For the purpose of this policy statement, the term "minority" means Black, Hispanic, Asian and Pacific Islander, American Indian and Alaskan Native.

For the purpose of this policy statement, a bona fide Minority Business Enterprise is a business, firm, or corporation which is at least fifty one percent (51%) owned and operated by a minority person or persons.

The purpose of the company's commitment to specific goals for the utilization of minority and/or female employees is to meet the affirmative action obligations under the Equal Opportunity Clause of a federal or federally-assisted contract. This commitment is not intended and shall not be used to discriminate against any qualified applicant or employee.

Refusal to Deal with Debarred or Ineligible Contractors or Subcontractors The company agrees that it will refrain from entering into any contract or contract modifications subject to Executive Order 11246 with a contractor or subcontractor debarred form or who has not demonstrated eligibility for direct federal or federally-assisted construction contracts pursuant to Executive Order 11246.

Griffith Company will use its best effort to meet the goals set forth in the contract specifications.

Complaints of non-compliance and grievances are to be directed to the attention of the company's designated Equal Opportunity Officer:
