### **City of Torrance Adds OpenGov Webpage to Simplify Access to Financial Information**

Torrance, Calif., Nov. 10, 2015 – To increase transparency, the City of Torrance has added a user-friendly feature to its website that will display the City’s audited financial data in easy-to-read visuals. The new site will give users more options on how they can filter the City’s financial information.

The site, powered by OpenGov, was unveiled in a presentation at the City Council meeting held Nov. 10, 2015. Features include charts and tables, as well as searchable and sortable information that shows City expenditures across various departments, including Police and Fire, Community Services, Public Works, Transit and more.

When it launches, the past four years of audited City financial data will be available on the site for review.

To access the City of Torrance OpenGov page, visit [www.TorranceCA.Gov/29395.htm](http://www.TorranceCA.Gov/29395.htm).
