

STATEMENT OF **BILL SUTHERLAND**
CANDIDATE FOR: **TORRANCE CITY GENERAL MUNICIPAL ELECTION**
MAYOR
ELECTION DATE: **6/03/2014** AGE: **62** OCCUPATION:
COUNCILMAN/BUSINESS OWNER

In running for Mayor it is important to tell you that my campaign is not about me, it's about **you** and the important services that **you** have a right to expect.

During the past seven years we have experienced difficult financial times and had to make tough decisions to protect **your** vital services. I chair the Finance & Government Relations Committee that make critical budget recommendations to the full Council. The city's budget is balanced and we continue to make progress in the area of infrastructure and **public safety**.

As we move forward, the mostly new City Council will once again be faced with tough decisions. It is vitally important to keep the **trusted leadership** in place that has worked so diligently for you. I have been the most community-involved member on the Council. I have always been open to listening and hearing what you have to say.

Diana and I put four children through the Torrance School District. I remain a strong supporter of our **collaborative relationship** between the City and the School District.

Your vote for me on June 3rd will insure the **experienced and trustworthy leadership** our community demands.
