

CITY OF TORRANCE

Torrance Boulevard Rehabilitation

CONSTRUCTION NOTICE

Dear Citizen,

This Notice is to advise you that street construction will begin on the north side of Torrance Boulevard, between Sartori Avenue and Crenshaw Boulevard, on **Wednesday, October 29**. Work hours are between 7:00 a.m. and 4:00 p.m. on weekdays. The work will be ongoing for approximately 4 weeks.

TRAFFIC IMPACTS

North side of Torrance Blvd (Westbound)

Parking will be prohibited on a 24-hour basis. Also, westbound traffic will be reduced to one lane on a 24-hour basis while the work is ongoing. Access to driveways will be provided during the construction. However, there will be short periods (approximately 2 hours) on some days when access will be prohibited in order to complete the work. Also, when required, access into and out of intersecting local streets will be temporarily restricted to complete the work.

South side of Torrance Blvd (Eastbound)

Eastbound traffic will be reduced to one lane during working hours for approximately two weeks to complete repairs to curbs, gutters and sidewalks. Another Notice will be provided when the contractor is scheduled to begin street construction on the south side of Torrance Blvd. That Notice will inform you of parking restrictions and lane closures for eastbound traffic.

Delays are expected so we recommend you identify an alternate route.

We thank you for your cooperation and patience during the construction. Although inconveniences are expected, it is our goal to complete the work as quickly as possible.

For questions or more information, please contact the following City staff:

Bill Kamimura, Project Engineer (310) 618-3078

Beth Overstreet, Engineering Manager (310) 618-3074
