

Descanso Park is situated on 3 acres of land at 2500 Descanso Way in northeast Torrance. The name means “restful” and is indeed an appropriate name for a beautiful neighborhood park. The land was acquired from the former Higgins Brickyard in 1977. It was dedicated on April 13, 1985, much to the delight of the neighboring residents who waited 8 years for their park to be developed.

The park offers a fenced play area for children of all ages complete with colorful, easily accessible equipment for toddlers as well as larger more challenging equipment for older children. There is a jogging track of .27 miles and a picnic area with ample landscaped open space. The park is also handicapped accessible.
