

SUGGESTED NET CALLUP PROCEDURE

QST, QST, QST. This is **K6CPT 17G**, net control for the Torrance Amateur Radio Association Emergency Communications Net. This net meets on Monday evenings at 7:00PM on the 146.235 MHz (+) repeater. A clear frequency would be appreciated.

All amateurs are welcome to participate. This is **(your name, your call)** acting as Net Control. Please stand by for roll call. Any relays would be appreciated. Please state your call sign, DCS Unit call if any, and hours spent on providing public service or improving your equipment or operating skills since you last checked in.

Roll call will be taken by Torrance ZIP code areas, 90501 through 90505 through the repeater. All other ZIP codes will follow 90505. Other ZIP codes will follow 90505..

ZIP code 90501 please report now.....

.....Conduct roll call. **Be sure the station call is given at least every 10 minutes**.....

Roll call is now complete. This is the Torrance Emergency Communications Net **K6CPT 17G**. Are there any late or visitor checkins? Please come now.Collect additional check-ins.

NOTICE: The TARA Board of Directors meets the 2nd Monday of each month at 7:30 PM. All members are invited to attend.

Is there any traffic or any announcements for the net?Turn net over to whomever is handling messages for the session.....

Last call for any late or missed stations.

This is **K6CPT 17G**, closing the TARA net at (time). Thank you all for your participation. We will now stand by for SSTV test transmissions.

(After any SSTV) The frequency is now clear.

NOTE: At 7:30 PM, Lomita Station K6CPT-17 will call station 17G on 223.440 Simplex. Just check in.
