

The Aviation History in El Segundo

17 January 2026
11 AM Lecture

Tony Chong
Northrop Grumman
Aeronautics Systems
Sector Historian

21 February 2026

Thomas H Hahn, Ph.D.

UC Berkeley Professor Hahn will share his knowledge of German pilots bringing modern aviation to early 20th Century China's self-proclaimed "Middle Kingdom".

For generations, the Southern California region has produced some of aviation's most revered hardware. Aerospace Historian, Tony Chong, will share the story of the aircraft factories of El Segundo, and the planes they built.
