

STATEMENT OF: **TIM GOODRICH**

CANDIDATE FOR: **Torrance City General Municipal Election
MEMBER OF THE CITY COUNCIL**

ELECTION DATE: **06/03/2014** AGE: **N/A** OCCUPATION: **VETERAN/BUSINESS MANAGER**

After returning from my third military deployment to the Middle East and seeing how people had lived under dictatorship and in real poverty, I vowed to not take life for granted and become more involved in my community. Since then, I've done just that – volunteering with the Police and Fire Departments, starting a Neighborhood Watch, and serving as a Board Member on the Torrance Education Foundation, the Torrance Sister City Association, and my Homeowner's Association.

Looking ahead, we have a historic opportunity to ensure Torrance emerges from this "Great Recession" better than before. That's why I propose a "Back to Basics" approach. If you're like me, you believe government functions best when it focuses on the basics. So, let's get it right and let's invest in our public safety and infrastructure, while using today's technology to make sure it's done openly, transparently, and efficiently.
