

STATEMENT OF: **CLINT ANDREW PAULSON**

CANDIDATE FOR: **TORRANCE CITY GENERAL MUNICIPAL ELECTION
MEMBER OF THE CITY COUNCIL**

ELECTION DATE: **06/03/2014** AGE: **N/A** OCCUPATION: **GOVERNMENT CONTRACTS LAWYER**

I Don't Want Your Money, I Just Want Your Vote

Money, accumulated through IOU's and backroom deals, has become the focus of politics resulting in ineffective leadership. We need leaders that are free from the corrupting influences that come with campaign contributions and that are not indebted to special interest groups. That's why I am not accepting any donations in support of my campaign. Elections should be about the issues and not fundraising.

With struggling schools, ballooning pension costs, and a recent downgrade to Torrance's credit, we can't afford to waste other people's money at City Hall or on personal campaigns. I won't.

About Me: I've been married for 11 years and we have three girls. We also serve as legal guardians for a little boy whose parents could no longer care for him. I volunteer with Girl Scouts and coach AYSO and Torrance Youth Basketball. I earned a law degree from William and Mary College and was a **Presidential Management Fellow** with the Air Force. I currently work in the aerospace industry.

My Priorities: Strengthening the middle class, education funding, ethics/transparency, cutting wasteful government spending, and getting the money out of politics.
