### **Torrance Reassures Community: No Cases of Swine Flu**

Torrance, Calif., May 1, 2009 – The City of Torrance reassured the Torrance community today, announcing that there have been no cases of swine flu in the City of Torrance as of May 1, 2009. Consequently, all city services and activities continue as normal. Torrance assures the community that it continues to work closely with State and County officials to vigilantly monitor this evolving situation and will keep the community informed.

To help inform the community of this and other important issues, the City of Torrance launched a citywide Twitter account today. We encourage the public to “follow” us at <http://twitter.com/TorranceCA> to stay up to date with City released information.

To provide prevention assistance from spreading this disease, the City of Torrance will provide hand sanitizers at public counters. The City will continue to inform the community of any news and encourages each one take precautionary measures as recommended by the Centers for Disease Control and Prevention.
