Company Profile

CarTrac was formed in 1993 by a collective of grocery stores to provide a cost effective and efficient means to recover wayward shopping carts that have been removed from their stores. Since then, it has grown its customer base comprising all retail sectors including over 6,000 grocers, pharmacy, hardware and retail stores. Additionally, we service over 40 municipalities, and shopping centers. CarTrac has evolved into the industry leader in shopping cart retrieval. We utilize modern delivery reporting and logistics systems that allow for the most consistent coverage of areas and are focused on resolving shopping cart issues in a timely manner.

Core Capabilities:

- Industry leader in shopping cart retrieval
- Reduce cart-loss expenses and distractions
- Availability of cart assets to perform for customers
- Detailed reporting from an accountable partner
- Refurbished cart programs
